

ZENTROPA

REAL

Copenhagen, the 31st of May 2002

To whom it may concern:

It is our pleasure and privilege to extend our warmest recommendations to Dr. Niels Christian Hvidt, who is collaborating with us on a 55 min. documentary film on the theme of Christian Miracles. The project, which has been under preparation for over three years, is financed primarily by the Danish Film Institute, which is part of the Danish Ministry of Cultural Affairs, Danish National Television (DR1) who also acts as co-producers and Media Plus a foundation under the European Union. The documentary has been pre-sold to the following European TV-stations: Finish National television (YLE1 and YLE Teema), RTE Ireland and others. After completion the program will be offered to additional international TV networks.

The project is based on an idea of Dr. Hvidt. He acts as Research Responsible and Theological Consultant. The spectators follow him on a voyage in the world to different locations where he will speak with people whose lives have been deeply touched by what they claim to be miracles. For Danish National Television (DR1) we will further produce a 30 min portrait of Niels Christian Hvidt that will be broadcast prime time a week before the 55 min documentary.

Dr. Hvidt graduated from the School of Divinity of the University of Copenhagen in 1997. Since 1994 he has done research in the field of Christian prophecy and miracles, and in 1997 received the Gold Medal of the University of Copenhagen for his thesis "Prophecy and Revelation." He defended his doctoral thesis in January 2001 at the Pontifical Gregorian University in Rome, where he presently teaches. He studied "Advanced Expository Writing" at Harvard University in 1998 and has broad media experience through the publication of numerous international newspaper and magazine articles as well as broadcasts on Vatican Radio. His research in the theme of miracles and his experience with the media are essential to the realization of the project, and we consider it a privilege to recommend him warmly.

Best regards
